

## Alex Horn & Erwin Schaefer

Born in London of mixed Danish - Trinidadian parentage, I am a truly international person. I speak 3 languages fluently (English French and Spanish) and have lived in five countries in and outside Europe. Internationalism is at the heart of what I am. As a BAME candidate I bring diversity to the Green Party at a time when it really needs more BAME representation at its core and throughout its membership.

I am passionate about green issues such as air pollution, recycling and renewable energy. I have been an active member of the West Central London Green Party for about 4 years and attended Spring Conferences in 2016 and 2017. In Autumn 2017, I attended the European Ideas Lab (Greens meet Change-makers) in Dublin. In December 2017, I was voted in as Treasurer of West Central London Green Party. I stood as the Green Party parliamentary candidate for Hammersmith, London in the last 2 general elections (2017 & 2019).

I am currently the Events Coordinator of WCL Green Party during which I often chair online events, and Treasurer of Greens of Colour. I graduated from King's College London with a degree in Physics with French and later successfully completed a Master-D diploma in Wind and Solar energy in Madrid, Spain.

Together with Erwin Schaefer, who speaks German, we represent a truly international team ideally suited to building and strengthening the international bridges the Green Party desperately needs, by improving cross-border communication and learning from our sister Green Parties abroad.

As Events Coordinator and Treasurer of several Green Party groups, I have proven sound organisational skills, regularly bringing people together in engaging scenarios. The combination of having lived extensively abroad together with my languages skills provides me with an inherently deeper understanding of other cultures and ability to empathise with people from around the world. Bridging those gaps and enhancing understanding between people and peoples is what I am about.

I am an internationalist at heart and strongly believe this what is needed for this role.
